

Sepia Series

Designed by Glismand & Rüdiger

Sepia is a series of sofas and poufs designed by the Danish design duo Glismand & Rüdiger with a richly detailed exterior and a soft, inviting profile. The deep seat depth gives the sofa a lounge-like character, which is emphasised by the armrests, seat cushions and back cushions, where the filling is placed and optimised to create the softest possible experience. The seat cushions are also reversible, which makes cleaning easier and prolongs the lifetime, and are precisely positioned on a slightly sloped base, which keeps the cushions securely in place. A thoroughly classic yet modern sofa series, with a harmonious balance of comfort, elegance and quality.
