

Pillar series

Designed by Michael H. Nielsen, Denmark

A versatile and easy side table that blends into any interior. Straightforward and durable design with an off-center pillar that lets you fit the table to a sofa or use as a flexible laptop table in any space. The tabletop is turned in solid, FSC®-certified oak with a bevelled edge that gives the design a light and inviting appearance. Designed by Michael H. Nielsen.

Meet the designer

My style is characterized by keeping the focus on the detail and "edge" that separates my designs from the crowd. One of my biggest influences is to register how much diversity there is among people and try to meet the very different needs that it creates. I've always been fascinated by the craftsmanship and the interaction between craftsman and designer. Good design is what gives meaning and value to the people who use it.
